UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF CALIFORNIA

Wine Scout International

Plaintiff,

vs.

Garcia Family Vineyards, Inc.

Defendant.

CASE NO. CV 08-00858 JF

DECLARATION OF MEGAN F. HEALY IN
SUPPORT OF WINE SCOUT'S REPLY TO
OPPOSITION TO MOTION FOR
PRELIMINARY INJUNCTION

I, Megan F. Healy, declare as follows:

1. I am an attorney in good standing licensed to practice by the State Bar of California. I am employed by the law firm of Dickenson, Peatman & Fogarty, located at 809 Coombs Street, Napa, California. I am counsel for Wine Scout International, doing business as Bounty Hunter ("Wine Scout" or "Plaintiff"). I submit this declaration in support of Wine Scout's Reply to Opposition to Motion for Preliminary Injunction. I have personal knowledge of the facts stated herein and if called to testify upon same could and would do so willingly.

2. Attached hereto as Exhibit 1 is a true and correct copy of the Alcohol and Tobacco Tax and Trade Bureau's (TTB's) form 5100.31 entitled "Application for and Certification/Exemption of Label/Bottle Approval," as downloaded and printed from the TTB's website, www.ttb.gov.

3. Attached hereto as Exhibit 2 is a true and correct copy of the Bureau of Alcohol, Tobacco and Firearms' (ATF, now known as the TTB) Industry Circular Number 86-5, issued on February 14, 1986, as downloaded and printed from the TTB's website, www.ttb.gov.

4. Attached hereto as Exhibit 3 is a true and correct copy of an excerpt from the ATF's Notices No. 815 and No. 819, collectively titled "Procedures for the Issuance, Denial, and Revocation of Certificates of Label Approval, Certificates of Exemption from Label Approval, and Distinctive Liquor Bottle Approvals," approved on December 11, 1988, as downloaded and printed from the TTB's website, www.ttb.gov.

5. The United States Patent and Trademark Office maintains a searchable database entitled "Trademark Applications and Registrations Retrieval" (TARR), accessible at <http://tarr.uspto.gov/>, through which the official status of any active or inactive federal trademark application or registration may be checked. Attached hereto is a true and correct copy of the TARR printout for Wine Scout's Application Serial No. 77/326413 for the mark BOUNTY HUNTER for wine, which shows that the application was approved for publication on March 1, 2008, along with a copy of Wine Scout's trademark application for BOUNTY HUNTER, including its specimen of use of the mark in commerce.

6. The California Department of Alcoholic Beverage Control (ABC) maintains a searchable database entitled "License Query System" (LQS), accessible at <http://www.abc.ca.gov/datport/LQSMenu.html>, which lists all alcoholic beverage licenses issued by the state. Attached hereto is a true and correct copy of the first page of LQS showing the operative query selections as "License Number," "Business Address," "Licensee Name," and

1 "Business Name." Also attached hereto is a true and correct copy of the search results from the
 2 LQS when the search term "bounty hunter" was entered into the "Business Name" query. The
 3 search results show nine (9) issued licenses for Wine Scout's BOUNTY HUNTER business and
 4 two (2) pending licenses for Defendant under the dba BOUNTY HUNTER WINES.

5 7. On April 2, 2008, I conducted a Google Internet search of six (6) different phrases:
 6 bounty hunter wine, bounty hunter and wine, wine bounty hunter, bounty wine hunter, "bounty
 7 hunter," and bounty hunter. Attached hereto as Exhibit 6 are true and correct copies of the first
 8 page of search results for each different phrase, showing that the first page of search results for
 9 the first four phrases were all references to Wine Scout's BOUNTY HUNTER brand, while the
 10 search for the phrase "bounty hunter" alone returned a link to Wine Scout's BOUNTY HUNTER
 11 website as the second hit.
 12

13
 14 I declare under penalty of perjury under the laws of the United States that the foregoing is
 15 true and correct. Executed this 4 day of April, 2008, at Napa, California.

NOTE: Applications may be filed electronically by accessing the TTB website at <https://www.ttbonline.gov/colasonline/>

A. GENERAL INSTRUCTIONS

1. You must print or type your application and sign it in ink. Submit your application in duplicate to the ADVERTISING, LABELING AND FORMULATION DIVISION, ALCOHOL AND TOBACCO TAX AND TRADE BUREAU, 1310 G Street, N.W., Fourth Floor, Suite 400, Washington, DC 20220. (paper filers only)
2. You may use exact copies of TTB F 5100.31 in lieu of an original form. Copies do not have to include the instruction page, however, you remain subject to all the provisions and instructions outlined on the form. We suggest that you use an original form whenever possible. See Section IV for how to obtain a supply of forms. (paper filers only)
3. Generally, the person, firm, or corporation who will bottle or pack the product must file the application. However, for a product to be imported in containers intended for sale at retail, the application must be filed by the importer. In the case of a product to be relabeled, the application must be filed by the wholesaler.
4. You must firmly affix (with glue or tape - DO NOT STAPLE) all labels that will appear on the container. Printer's proofs and photocopies are acceptable. If labels are in the form of can flats, photocopies are requested. (paper filers only)
5. You may NOT make pen and ink changes, white out information, type-over, cross out information, and/or paste information over labels affixed to this application. (paper filers only)
6. You must reduce oversized labels so that they fit on the space provided. You must indicate in Item 19 that labels have been reduced and the percentage of reduction.
7. If your label is etched, embossed, or painted directly onto the container, or is clear acetate, you must submit a photograph of a filled representative bottle so that we may determine contrast and legibility of mandatory information. Photos should clearly show each side of the container that contains label information.

B. SPECIFIC INSTRUCTIONS

- ITEM 1. Applicable only for applications submitted by a third party. The third party will complete this item.
- ITEM 2. Enter your plant registry number, basic permit number, or brewer's notice number as applicable. Wholesalers applying to relabel should enter the wholesaler's basic permit number. If you intend to bottle at more than one of your locations (distilled spirits and malt beverages only), show the registry number/brewer's notice number of each location where the product will be bottled. In this instance, Item 8 should reflect your principle place of business.
- ITEM 3. Indicate the source of product by checking the appropriate box.

- ITEM 5. Indicate the type of product by checking the appropriate box. For Sake, check the "wine" box.
- ITEM 6. A brand name is the name under which the product is sold. If the product is not sold under a brand name, the name of the bottler, packer, or importer becomes the brand name.
- ITEM 7. A fanciful name is a name that further identifies the product and is required for some specialty products. It is optional for other products.
- ITEM 8. Indicate your company name and current physical address exactly as they appear on your plant registry, basic permit, or brewers notice (include your approved DBA or trade name if you use it on the label). In the case of distilled spirits and malt beverages bottled at more than one location, indicate your principle place of business address. A separate mailing address may appear directly under the required name and address in Item 8a.

GRAY MARKET (PARALLEL) IMPORTS

Proprietors of Distilled Spirits Plants, Importers and Others Concerned:

PURPOSE: Numerous inquiries from trade associations and industry members alike point out that some confusion may exist as to the legal role of this Bureau in the "gray market" imports controversy. This circular will serve to clarify our position in this matter.

BACKGROUND: Over the past several years, the alcohol beverage industry has witnessed the emergence of the "gray market" or "parallel" importer. A "gray market" importation occurs when an importer imports authentic premium foreign wines or distilled spirits despite the existence of an exclusive distribution agreement between the foreign trademark owner (producer) and its authorized U.S. importer (distributor). Many such products are packaged and labeled for the European or other foreign markets and do not conform with U.S. regulatory requirements. The labeling of such products has been brought into conformity with U.S. regulatory requirements by affixing a strip label containing the mandatory information.

Gray market imports should not be confused with counterfeit imports which enter the U.S. under fraudulent pretenses, i.e. where the bottle labels do not accurately describe the contents of the bottle. Law and regulations are specific as to the Bureau's treatment of this type of illegitimate import.

DISCUSSION: ATF involvement in the "gray market" controversy is restricted since federal regulations under the Federal Alcohol Administration Act make no distinction between the activities of the gray market importer and the authorized importer (distributor). ATF's involvement in this controversy has been limited for the most part to investigating complaints by industry regarding mis-labeled gray market imports.

The Federal Alcohol Administration Act prohibits the removal from Customs custody for consumption in the U.S. any alcohol beverages unless such products are bottled, packaged, and labeled in conformity with U.S. regulations. In addition, the Act vests in the Bureau the authority to prohibit from appearing on any label any statement that is false or untrue in any particular, or that irrespective of falsity, directly, or by ambiguity, omission, or inference tends to create a misleading impression regarding the product. The Bureau is specifically charged with the responsibility of ensuring that the label not only prevents consumer deception, but also provides the consumer with adequate information as to the identity and quality of the product. The Act also requires that as a condition to the release of such products from Customs custody, there shall be furnished certificates, where applicable, issued by foreign governments which certify as to the products' origin and authenticity.

In response to Industry concerns, the Bureau has intensified its efforts in the area of label approval to ensure product integrity for all imported products. Utilizing ATF's various inspection programs, imports will be closely scrutinized for mandatory label information and for prohibited information in accordance with 27 CFR Parts 4, 5, and 7.

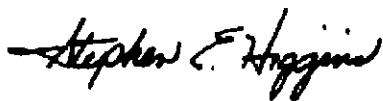

* It should be stressed that the issuance of a certificate of label approval by ATF in no way constitutes trademark protection for that label. For regulations covering the restrictions placed

on the importation of articles bearing recorded trademarks and trade names, the permittee is directed to 19 CFR § 133.21 of the US Customs regulations.

ATF is also currently reviewing all country of origin certification requirements for imported wines and distilled spirits. ATF will be working closely with Customs to establish new procedures, if needed, or re-enforcing existing requirements to ensure that all imports are properly certified as to their origin and authenticity, if applicable, i.e. country of origin issues such a certificate of origin and authenticity.

SUMMARY: In Compliance with the mandates of the FAA Act and to insure product integrity and authenticity, the Bureau of Alcohol, Tobacco and Firearms reemphasizes that it will hold all importers of alcohol beverages to the same standard of compliance with all U.S. laws and regulations.

INQUIRIES: Inquiries concerning this circular should be referred to its number and be addressed to the Associate Director (Compliance Operations), ATTN: Chief, Alcohol Import-Export Branch, Bureau of Alcohol, Tobacco and Firearms, 1200 Pennsylvania Avenue, NW., Washington, DC 20226.

SUPPLEMENTARY INFORMATION:

Background

The Federal Alcohol Administration (FAA) Act, 27 U.S.C. 205(e), provides ATF, as the delegate of the Secretary of the Treasury, with authority to promulgate regulations with respect to the bottling, packaging, and labeling of distilled spirits, wine, and malt beverages in order to prohibit deception of the consumer, and provide the consumer with adequate information as to the identity and quality of the product.

In order to carry out such requirements, domestic bottlers and producers are prohibited from bottling distilled spirits, wines, or malt beverages, and importers are prohibited from removing bottled distilled spirits, wines, or malt beverages from customs custody unless they have in their possession a certificate of label approval covering such products, "issued by the Secretary in such manner and form as he shall by regulations prescribe." 27 U.S.C. 205(e). The law provides an exemption from these requirements for products that are not to be sold, offered for sale, or shipped or delivered for shipment, or otherwise introduced, in interstate or foreign commerce.

The regulations implementing these statutory provisions provide that no person shall bottle or pack wine, distilled spirits, or malt beverages unless application is made to the Director and an approved certificate of label approval, ATF Form 5100.31, is issued. 27 CFR 4.50(a), 5.55(a), and 7.41. The regulations also provide that no bottled wines, distilled spirits, or malt beverages shall be released from customs custody for consumption unless an approved certificate of label approval, ATF Form 5100.31, is deposited with the appropriate customs officer at the port of entry. 27 CFR 4.40(a), 5.51(a), and 7.31(a).

A bottler of wine or distilled spirits who can show to the satisfaction of the Director that the product is not to be sold, offered for sale, or shipped or delivered for shipment or otherwise introduced in interstate or foreign commerce, must make application for exemption from the labeling requirements of the FAA Act on ATF Form 5100.31 in accordance with the instructions on the form. If the application is approved, a certificate of exemption from label approval will be issued on the same form. 27 CFR 4.50(b) and 5.55(b).

Certificates of exemption from label approval are not issued for malt beverages.

Finally, the ATF Form 5100.31 is also used to obtain approval for distinctive liquor bottles, pursuant to the regulations appearing at 27 CFR 19.633(a). ATF's authority to regulate liquor bottles is derived from section 5301 of the Internal Revenue Code of 1986, 26 U.S.C. 5301. However, the approval of a distinctive liquor bottle also includes the approval of the label on that bottle, pursuant to the FAA Act.

Revocation of COLAs

ATF reviews approximately 60,000 applications for certificates of label approval, exemptions from label approval, and distinctive liquor bottle approvals every year. Because errors occasionally occur in the approval process, there is a need for some type of revocation procedure.

Since the enactment of the FAA Act in 1935, ATF and its predecessor agencies have taken the position that the statutory authority to issue certificates of label approval includes the implied statutory authority to cancel or revoke the certificates if they were approved in error.

However, there have never been formal procedures in the regulations for denial or revocation of certificates of label approval. Instead, ATF has utilized informal procedures for denials and revocations, where applicants or certificate holders who wished to contest a denial or

revocation are given an opportunity to do so in writing, or through

informal meetings with Bureau officials.

The certificate of label approval was never intended to convey any type of proprietary interest to the certificate holder. On the contrary, Paragraph 1 of Form 5100.31 provides that "This certificate is issued for ATF use only. This certificate does not constitute trademark protection." Paragraph 2 of this form reminds applicants that the "certificate does not relieve any person from liability for violations of the Federal Alcohol Administration Act." The certificate of label approval is a statutorily mandated tool used to help ATF in its enforcement of the labeling requirements of the FAA Act. ATF's informal procedures for revocation of COLAs were subject to challenge in the Federal District Court for the Northern District of California. In *Cabo Distributing Co. v. Brady*, 821 F. Supp. 601 (N.D. Cal. 1992), the court set aside ATF's revocation of labels for "Black Death" vodka on several grounds. The court held that there was no express statutory or regulatory authority for the Bureau to cancel certificates of label approval, and that the Bureau had implied authority to reverse its actions only in limited circumstances. The court thus concluded that "[w]ithout statutory authority or regulatory authority, the BATF cannot cancel a certificate of label approval." 821 F. Supp. at 612. The court also held that the Bureau's informal procedures for revoking the "Black Death" certificates of label approval had not afforded the certificate holders their constitutional right to procedural due process. 821 F. Supp. at 612.

ATF does not agree with the court's decision on either of these two holdings. ATF believes that a right to cancel certificates of label approval is implied from the authority granted by the statute to the Secretary to issue certificates of label approval "in such manner and

form as he shall by regulations prescribe * * *" The statute

explicitly authorizes ATF, as a delegate of the Secretary, to issue regulations governing the procedure for the issuance of certificates of label approval. There is also implicit statutory authority to issue regulations governing the procedures for denying and revoking certificates of label approval.

Signed: August 6, 1998.

John W. Magaw,

Director.

Approved: December 11, 1998.

John P. Simpson,

Deputy Assistant Secretary (Regulatory, Tariff and Trade Enforcement).
